

INTRODUCING OUR ECO RANGE...

Introducing our Eco range, a collection of bed linen, duvets, pillows, towels and bathrobes. Eco is manufactured in an environmentally friendly way to support biodiversity and eliminate the use of pesticides and chemicals.

The fillings of our Eco duvets and pillows are made from recycled plastic bottles which are extruded into soft, non-allergenic fibres. This process produces around 70% fewer carbon dioxide emissions, uses 70% less water and 40% less energy compared to standard fibre production. Eco duvets and pillows also comply with the OEKO-TEX 100 international standard which means they have skin-friendly properties as they have been manufactured without the use of harmful chemicals.

ECO BED LINEN

Made from 100% organic cotton, Eco is a high 200 thread count White bed linen with a crisp, classic look that feels soft and luxurious to sleep on.

CHOOSING THE RIGHT DUVET FOR YOUR GUESTS

With so much choice, selecting the right duvet for your guests can be difficult. That is why we have put together this handy guide, so you can understand the benefits of each filling and then easily compare our products at a glance.

NATURAL FILL (FEATHER AND DOWN)

Natural fill is feather, down, or a combination of both. Down is not a feather, it is the fluffy insulation under the feathers that keeps ducks and geese warm and protected from outdoor elements. Natural fills are best for conforming to the body.

MULBERRY SILK

Mulberry Silk's long yarn gives it a fine drape and lighter loft. It is cool and hypo allergenic - the perfect natural choice for people with allergies. It is also extraordinarily durable.

MICROFIBRE

The finest, luxury synthetic alternative to feather and down. A supremely soft fibre that drapes excellently around the body and offers rich, soft, comfortable support.

ESTLON FIBRE

A great anti allergenic option, Estlon Fibre is treated with AEM 5700 antimicrobial agent which reduces fungal levels by up to 99.99% in comparison with untreated fibre.

TENCEL®

Tencel® is extracted from the raw material, wood. It naturally absorbs moisture and quickly releases it again. This property guarantees a pleasantly dry sleeping climate.

HOLLOWFIBRE

An excellent value, plump fibre filling that offers firm, lasting support for duvets.

POLYESTER FIBRE

This is a man-made fill. Synthetic duvets typically have a shorter life span and will not conform to the body as well as a natural fill duvet. Overall, the most affordable type of duvet.

SILICONISED BALL

This is a type of synthetic fill in which polyester clusters are coated with silicone to feel and move like down. It gives the softness and appeal of a true down duvet without the cost. Great for allergy sufferers who prefer a synthetic fill but want down-like comfort.

COVER

A higher thread count duvet cover will be softer, but more importantly, will keep the fill in and impurities out.

CHOOSING THE RIGHT PILLOW FOR YOUR GUESTS

The right pillow can make a world of difference when it comes to a good night's sleep. In order to help you choose the best pillows for your guests, we have put together this quick reference guide to compare our products at a glance.

Hollowfibre Fill

An excellent value, plump fibre filling that offers firm, lasting support for pillows.

Siliconised Ball Fill

A type of synthetic fill in which polyester clusters are coated with silicone. Gives the softness and appeal of a true down pillow without the cost.

Tencel® Fill

Tencel® is extracted from the raw material, wood. It naturally absorbs moisture and quickly releases it again to guarantee a pleasantly dry sleeping climate.

Microfibre Fill

The finest luxury synthetic alternative to feather and down. Conforms excellently around the head and neck and offers rich, soft, comfortable support.

Polyester Fibre Fill

Synthetic pillows typically have a shorter life span and will not conform to the head and neck as well as natural fill pillows. Overall, the most affordable type of pillows.

Quallofil® Fibre Fill

Made of special fibres that slip past each other to allow the pillow to mould perfectly to the head and achieve maximum fluffiness.

Natural Fill (Feather and Down)

Natural fill is feather, down, or a combination of both. These more natural fills are best for conforming to the head and neck.

Estlon Fibre Fill

A great anti allergenic option. Treated with AEM5700 antimicrobial agent which reduces fungal levels by up to 99.99% in comparison with untreated fibre.

Conjugate Fibre Fill

For extra bounce and recovery. Holds its shape for longer while offering medium support.

CREATE YOUR PERFECT BED

1. Pick a Bed

Pick a bed range that suits the style of your business. We have a number of different ranges, featuring only the highest quality materials and the most luxurious of colours and patterns. Our beds are comprised of a mattress and base. Find all our beds on pages 59-65.

2. Choose a Size

Our sizes are available in Single, Metric Single, Double, King, and Super King, giving you more choice for your individual room layouts. What's more, we can supply specially designed bespoke sizes for even more choice.

3. Select a Base Fabric & Colour

Choose from a wide range of fabrics and provide your guests with the most luxurious of experiences. Add a splash of colour with our variety of finishes to create a style that is exclusive to your business. Find our Moda range and colours on page 67.

4. Choose a Headboard Style

No bed is complete without a stylish headboard. Our beautiful upholstered headboards give your beds a finishing touch that will delight and impress your style-conscious guests. Find all our headboard style options on page 67. There are other headboard options available.

5. Select a Headboard Fabric & Colour

Matching your headboard fabric and colour with your base is quite popular, and we offer many options for achieving the perfect combination. There's nothing stopping you however from putting together your own wonderful creations. Find all our headboard fabric colour options on page 67. There are other headboard and fabric options available.

✦ ESSENTIALS

ENIGMA

The Enigma towelling range has been designed in consultation with some of the world's leading spas, to provide great quality and value.

- Enigma vat-dyed towels are made from super-soft 550gsm cotton with no header bars and are available in Slate and Purple
- Vat-dyed towels are known to hold their colour better, have less linting and will not bleed when exposed to chemicals and/or sunlight
- The matching treatment blanket has a lightweight feel with a reversible design; waffle for softness and comfort and a towelling side for greater absorbency
- They are ideal for use in spas as they are extremely fast drying

“ Beautiful, soft and fluffy towels, will be buying more. ”

PERSONALISATION

An easy way to reinforce your brand identity, and create a bespoke, personalised experience for your guests with our embroidery service. Our in-house embroidery team can assist you in personalising your towelling and linen items, whether it be with your business name or logo. To enquire about our full range of services, simply call to speak to a member of our award-winning customer service team on 01685 353456 or visit www.mitrelinen.co.uk/personalising-your-linen

LOGO EMBROIDERY

Embroider your logo on bed linen, towels, bathrobes and slippers. There is a one-off charge to create the artwork. Price depends on the design.

BRIDE & GROOM ROBE SET

Add a personal touch to your hotel offering.

SIMPLE EMBROIDERY

Personalise your linen with your name, in a choice of typefaces (below) and 3 letter sizes: (10mm, 15mm, 20mm). Your text can be formatted in a straight line, upward arch or downward arch.

Please call us on **01685 353456** for a price.

Times Roman **Block** Old English
Italics *Script* BLOCKCAPS

JACQUARD WEAVING

We can weave your name into a towel with a minimum quantity of 1,500 hand towels or 1,000 bath towels. Most weights of towelling are possible and the manufacture takes approx 10-16 weeks to complete. We suggest white lettering on white towelling and most logos/names can be made.

Call us on **01685 353456** to discuss your requirements.

HEAT STAMPING

Heat stamping is suitable for long runs on sheets, pillowcases and items with a flat surface, but is not suitable on towels. Most colours or logos are possible, but it is better to keep logos small (7x7cm max). Please allow 7-10 days to create transfers.

Call us on **01685 353456** for a price.

WHY CHOOSE BESPOKE SOFT FURNISHINGS...

If you are looking to create truly unique spaces, then our dedicated contract soft furnishings experts are on hand to help. Our experienced team can work with you to produce the perfect curtains, cushions, bed runners and more. Whether you already have a firm idea of what you are looking for, or if you need a little inspiration, we will work with you to help bring your ideas and rooms to life.

- **An easy buying process.** We help you at every stage of your refurbishment project, from choosing your fabric, to helping you to arrange fitting of the finished product.
- **Maximum choice to suit all budgets and size of rooms.** We can source more than 5000 fabrics from the UK and beyond to provide you with maximum choice at the best price.
- **No project is too big or too small.** Whether you are looking at replacing one pair of curtains, or redesigning the whole of your establishment, we can help.
- **An experienced and dedicated team on the road and in our head office.** So we are always on-hand to discuss your requirements and find the best solution for you.

Bespoke fabric from the Fiorella Collection

Tyndale Lodge

ANYTHING IS POSSIBLE...

Every year we help hundreds of top accommodation providers refurbish their rooms, from established hotel groups and serviced apartments, to the leisure and education industries.

We can access over 5,000 fabrics from around the globe. Our skilled team will then make your soft furnishings in-house. We cater for every style and size whatever your request, from city chic to regal retreat and everything in between.

EASY AS 1, 2, 3

1. We meet to discuss your needs and to show you an array of fabric options that will help create the style you wish to achieve. This first meeting also includes a free measuring service.
2. Based on your chosen fabrics, our team will send you a quote. When you are happy, we order your fabric to produce your soft furnishings in-house.
3. We make your soft furnishings in-house in Wales, and organise the delivery and fitting, on a day that best suits you.

Alton Towers Arctic Explorer Room

NEXT STEPS...

If you have a refurbishment project that you would like to discuss, or if you simply have any questions, you can contact our friendly team.

Email: sales@mitrelinen.co.uk

Visit: www.mitrelinen.co.uk

USEFUL TIPS TO MAKE BUYING EASIER...

OPEN END DUVETS

Open end with bar tack fastening.

Our usual means of fastening is by having two bar tacks approximately 87cm (on a single duvet) apart at the bottom of the duvet cover. Each bar tack uses button stitching and is strong – approximately 3cm of stitching. The duvet slides in between these bar tacks, and during ironing, this system helps to give an exceptional finish.

PILLOWCASE STYLES

This handy guide will help you to select the correct pillowcases for your requirements.

HOUSEWIFE

Internal flap to tuck pillow in.

BAG

Longer, with no internal flap (easier ironing and bed making), and end folds under pillow.

OXFORD

Border on all four sides.

FLAME RETARDANT

Flame retardant products and the law

When purchasing your linen it is important to consider flame retardant products. Here is a quick guide about flame retardant products.

Responsibility

It is the property owner's responsibility to carry out a fire risk assessment and to ensure the safety of everyone who uses the premises, and clearly the decision on selection of flame retardant products is a key part of this.

Flame retardant products

In addition to carpets, beds, mattresses and curtains, the selection of flame retardant duvets and pillows is a simple way to greater safety. Before making final decisions, you should speak with your companies Fire Officer to discover exactly what is required, and should identify any legislation which applies to your premises.

We are here to help

Mitre offers a range of flame retardant products including duvets and pillows. These are marked with a symbol to assist you in making the correct choice. We also show which FR Source these products comply with, so that you can be certain that you are buying products which meet your requirements.
